guest, or current APICS student.

Our April Speaker Carol Ptak

Carol Ptak is currently a partner with the Demand Driven Institute and was previously a Visiting Professor and Distinguished Executive in Residence at Pacific Lutheran University. Before going to academia she was Vice President and Global Industry Executive for Manufacturing and Distribution Industries at PeopleSoft, where she developed the concept of demand driven manufacturing. Ms. Ptak spent four years at IBM Corporation, culminating in the position of Global SMB Segment Executive.

A leading authority in the use of ERP and supply chain tools to drive improved bottom-line performance, Ms. Ptak has an expertise that is well grounded in four decades of practical experience as a successful practitioner, consultant, and educator in manufacturing operations. Her pragmatic approach to complex issues and her dynamic presentation style make her a person in high demand worldwide on the subject of how to leverage these tools and achieve sustainable success.

Ms. Ptak holds an MBA from Rochester Institute of Technology and completed the EMPO program at Stanford University. She is a frequent educator at the university level and presents at many key technical conferences around the world and is the author of numerous articles and the books. Ms. Ptak has lent her name to the internationally coveted Ptak Prize for Supply Chain Excellence that is awarded annually by ISCEA, the International Supply Chain Education Alliance. Ms. Ptak is certified through APICS at the fellow level (CFPIM) and was certified in Integrated Resource Management (CIRM) with the first group internationally. Ms. Ptak was the President and CEO of APICS for the year 2000. Prior to her election as APICS President, she served at the Society in a variety of positions.

Volunteers to Judge the WUS Engineering Open House

Volunteer judges are needed to select the undergraduate and graduate projects that will receive APICS awards this year at the Wichita State University College of Engineering Open House. Student projects may be viewed anytime between 9:00 a.m. and 6:00 p.m. The displays will be located throughout the Experiential Engineering Building at WSU. APICS Judges will receive tickets to the Awards Banquet where awards recipients will be announced. If you are interested in being a judge or you would like more information, contact Laila Cure at laila.cure@wichita.edu.

Membership Information

Per the APICS Website, we have a total of 77 members and 23 Student Associates of Chapter 71. In March we added 4 new members listed below. Welcome!

The Future of Supply Chain is Here

"The Demand Driven Planner Program was a cornerstone of our lotion pumps business transformation. We now offer much shorter lead times (down by 75%) with 100% service."

Vincent Thibault, Global Lean Director, ALBEA Group

Wichita, Kansas **April 11 & 12, 2018**
<https://www.eventbrite.com/e/demand-driven-planner-workshop-wichita-ks-tickets-38145443047>

The Demand Driven Planner (DDP) program is designed for planning, purchasing and supply chain personnel interested in and responsible for implementing and maintaining a DDMRP implementation. Designed by the leading subject matter authorities at the Demand Driven Institute, the Demand Driven Planner program is comprised of 13 modules of in-depth DDMRP education. The DDP Program is THE official preparatory course for the Demand Driven Professional Planner Certification test.

What is DDMRP?

Demand Driven Material Requirements Planning is a multi-echelon planning and execution method to protect and promote the flow of relevant information and materials through the establishment and management of strategically placed decoupling point stock buffers. DDMRP is the supply order generation and management engine of a Demand Driven Operating Model (DDOM). DDMRP can best be summarized as...

Position. Protect. Pull.
